

Wolverham Primary and Nursery School Staff (and Volunteer) Acceptable Use Policy

New technologies have become integral to the lives of children and young people in today's society, both within schools and in their lives outside school. The internet and other digital information and communications technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. They also bring opportunities for staff to be more creative and productive in their work. All users should have an entitlement to safe internet access at all times.

This Acceptable Use Policy is intended to ensure:

- That staff and volunteers will be responsible users and stay safe while using the internet and other communications technologies for educational, personal and recreational use.
- That school ICT systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.
- That staff are protected from potential risk in their use of ICT in their everyday work.

The school will try to ensure that staff and volunteers will have good access to ICT to enhance their work, to enhance learning opportunities for pupils' learning and will, in return, expect staff and volunteers to agree to be responsible users.

Acceptable Use Policy Agreement

I understand that I must use school ICT systems in a responsible way, to ensure that there is no risk to my safety or to the safety and security of the ICT systems and other users. I recognise the value of the use of ICT for enhancing learning and will ensure that pupils receive opportunities to gain from the use of ICT. I will, where possible, educate the young people in my care in the safe use of ICT and embed online safety in my work with young people.

For my professional and personal safety:

- I understand that the school will monitor my use of the ICT systems, email and other digital communications by using eSafe software (please see JBullen for clarification on how this software monitors computers/ICT systems).

- I understand that the rules set out in this agreement also apply to use of school ICT systems (e.g. laptops, email, websites etc.) out of school.
- I understand that the school ICT systems are intended for educational use and that I will only use the systems for personal or recreational use within the policies (Online Safety, Safeguarding, Social Contact Outside School and ICT Policy) and rules set down by the school.
- I will not disclose my username or password to anyone else, nor will I try to use any other person's username and password.

- I will ensure that when I take and / or publish images of others (including children on the school blog) I will do so with their permission and in accordance with the school's policy on the use of digital / video images. Where these images are published (e.g. on the school website) it will not be possible to identify by name, or other personal information, those who are featured. I will not mention Wolverham Primary School on social media in a negative or inappropriate manner.
- I will not use my personal equipment to record these images, unless I have permission to do so.
- I will not use social networking sites in school in accordance with the school's policies (Online Safety, Safeguarding, Social Contact Outside School and ICT Policy).
- I will adhere to the school online safety, social contact outside school and safeguarding policies at all times.

I will only communicate with students / pupils and parents / carers using official school systems and email addresses. Any such communication will be professional in tone and manner. There will be no communication with parents/families using personal email addresses or telephones:

- No details of pupils will be stored on laptops or taken out of school unless on a visit/trip and they will be kept by the group leader confidentially.

- I will not engage in any on-line activity that may compromise my professional responsibilities.

The school and CWaC local authority have the responsibility to provide safe and secure access to technologies and ensure the smooth running of the school:

- When I use my personal hand held / external devices (laptops / mobile phones / USB devices etc.) in school, I will follow the rules set out in this agreement, in the same way as if I was using school equipment. I will also follow any additional rules set by the school about such use. I will ensure that any such devices are protected by up to date anti-virus software and are free from viruses.
