

Bullying at school (I will be there)

Andy Clark & Wolverham Primary School

Verse 1

Bullying at school, Bullies think they're cool,
They don't know the damage they do
I can hardly sleep, I have scary dreams
When somebody's bullying me

Makes me feel unloved and sad
All the bullying makes me mad
Don't be left out - Just give me a shout!

Chorus

I will be there for you, When you are feeling blue
When someone calls you names, Don't give yourself the blame
When you are hurt inside, Don't sit alone and cry
Give me a smile! Be Joyful awhile!

Verse 2

We have got great staff, they want to make us laugh
And help the bullies choose the right path
Now I have no pain, I can play any game
Forget the bullies, we are all the same!

No more feeling down and sad
No more bullying makes me glad
Don't be left out - Just give me a shout!

Chorus

I will be there for you, When you are feeling blue
When someone calls you names, Don't give yourself the blame
When you are hurt inside, Don't sit alone and cry
Give me a smile! Be Joyful awhile!
