

# Wolverham Primary and Nursery School

## Keeping Ourselves Safe Policy

### Rationale

We want our school to be a safe place to learn and play. We want everyone to be happy, feel safe and know who to trust and ask for help.

With our teachers we have looked at some of their policies and we have made our own policy to remind us how to keep us safe.

**Online Safety** – Using new technology (websites, computers, iPads, cameras, video cameras, mobile devices etc) in a safe place to help us learn and play

- We will keep personal information and passwords safe and not share with other people
- We will only access websites and information that are suitable for our age and agreed by our teachers
- We will only say nice things about our friends and use polite language
- We will report any bad language or inappropriate things that we see
- We will only share information and photographs with trusted friends and adults
- We will look after our resources and treat them with respect
- We have lots of online safety activities throughout the year with our teachers and with the police

**Safeguarding** - Keeping safe both inside and outside of school and knowing who to trust and how to get help

- We all know a buddy, peer mentor or a playleader to talk to and share worries with
- We all take part in SRE and drugs education lessons that teach us about being safe and relationships with others
- We know which adults to trust in school and if we see anyone without a badge we will tell a teacher or member of staff
- We like working with the police and fire service and learning how to keep ourselves away from danger
- We will put our mobile phones in the school office if we need to bring them to school
- If we see or hear anything that worries us, we will report it to an adult straight away

**Anti-Bullying** - Making sure everyone is treated fairly and any bad behaviour is reported to an adult and dealt with quickly

- We will treat everyone with respect and be kind to others
- We have a anti-bullying officers in school – they are called Jack and Sofia
- We have lots of anti-bullying activities throughout the year to remind us how to behave and ask for help
- We know who to talk to if we are worried or upset
- We will tell on anyone who is nasty or hurts other children
